

# Holly's Star Wall Hanging

Measures 30 x 30 inches

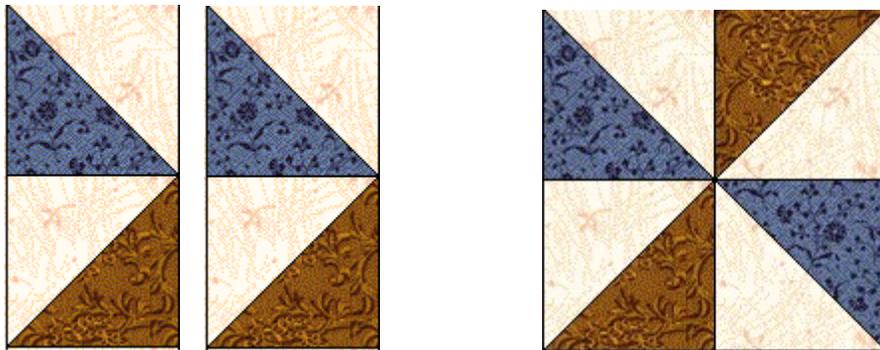

Fabric Requirements:

1 3/8 of a yard cream  
1/2 of a yard of blue  
3/8 of a yard of brown

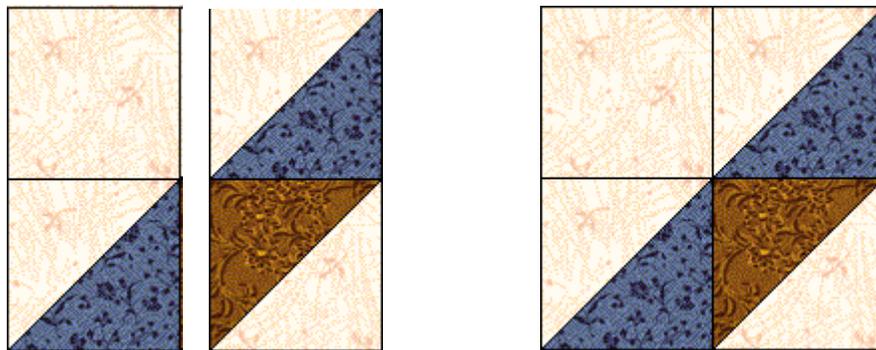

Cut 8 - 3 1/2 inch cream squares.  
Cut 28 - 3 7/8 inch cream squares.  
Cut 4 - 3 1/2 x 24 1/2 inch cream strips.  
Cut 4 - 3 1/2 inch blue squares.  
Cut 16 - 3 7/8 inch blue squares.  
Cut 12 - 3 7/8 inch brown squares.

Take all of the cream 3 7/8 inch squares and draw a line on the wrong side diagonally from the left top corner to the bottom right corner.

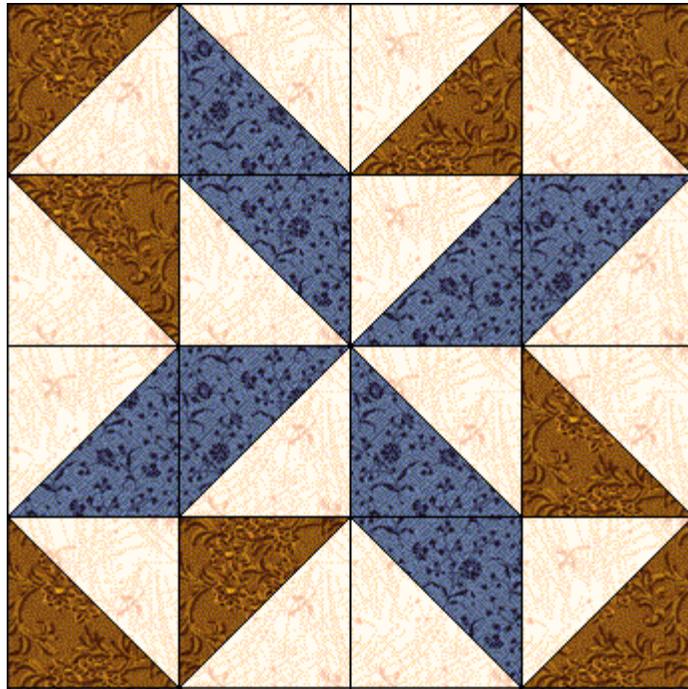

Place 16 of these cream squares on the 16 blue 3 7/8 inch squares with the front sides of the fabric facing each other. Pin together and sew 1/4 of an inch on either side of the line that you draw. Cut on the line you draw and this will give you 2 squares of blue and cream. You will repeat this same process with the cream and brown 3 7/8 inch squares.

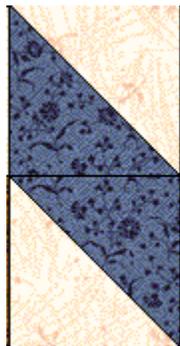

You need to make 4 Pinwheel blocks. Sew a blue and brown block together like above to make two 3 1/2 x 6 1/2 inch strips. Flip the second strip and sew those two strips together like above to make the pinwheel block. It should measure 6 1/2 inches square.

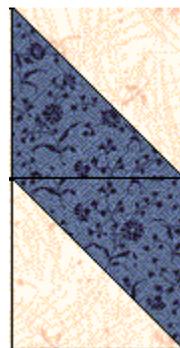

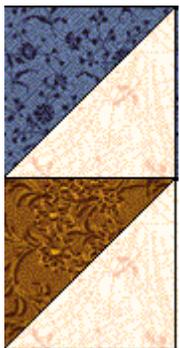

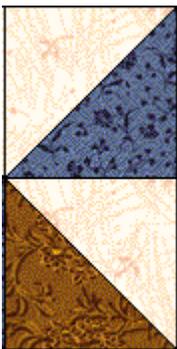

Make 8 of the blocks pictured above. Sew one 3 1/2 inch cream square and one of the diagonal blue squares together to make a strip. Then sew the blue and brown diagonal blocks together like in the picture above. This block should measure 6 1/2 inches also.

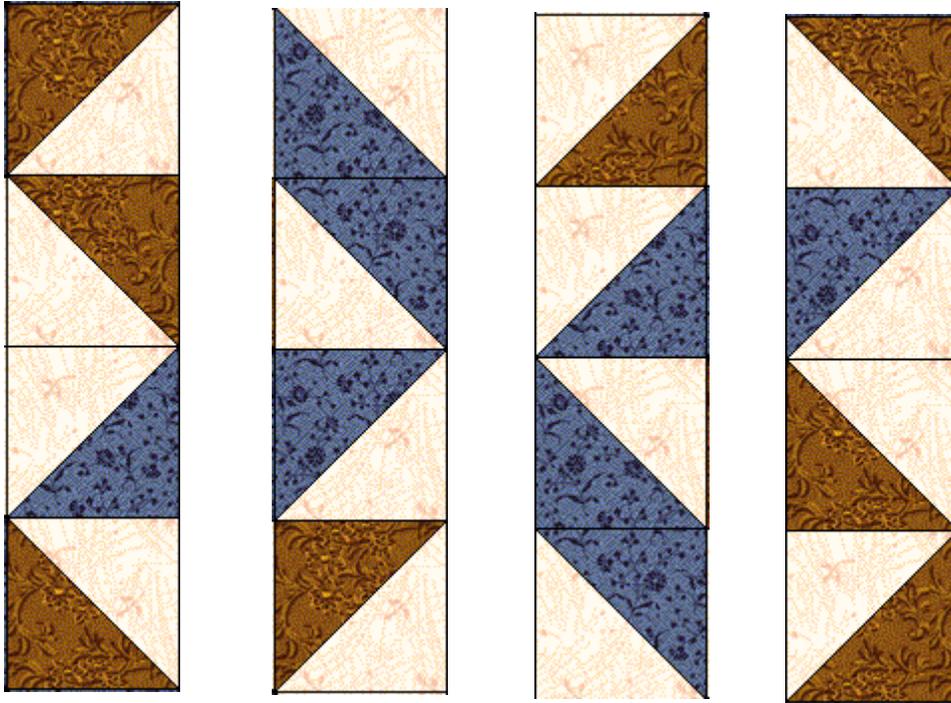

You need to make one of these blocks for the center of the quilt. It should measure 12 ½ inches.

Make two of each of the strips above. You will take the second set and flip them upside down and line them up like so.

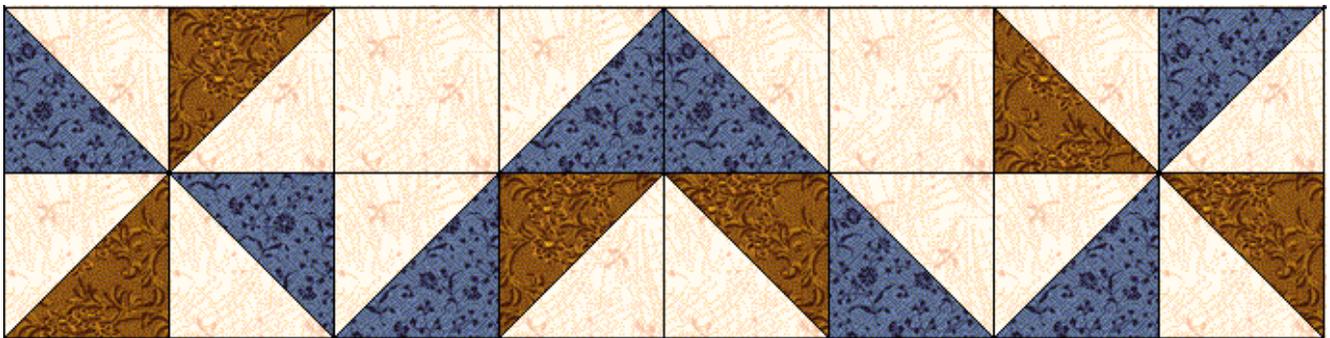

You will sew the strips to each other like so:

Sew these 4 strips together to make the 12 ½ inch block.

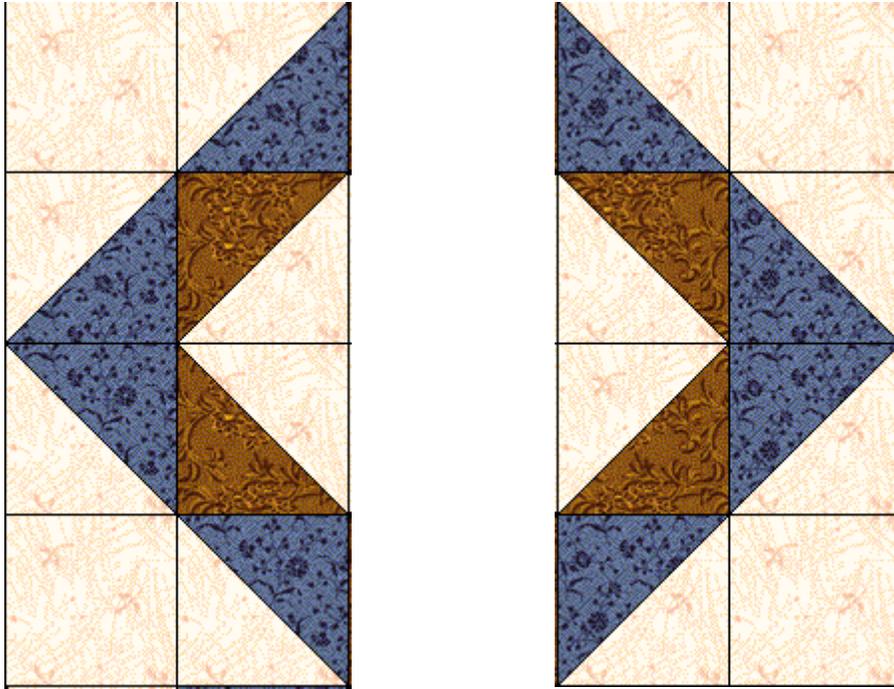

For the first row of the top you need 2 of each of the 6 ½ inch blocks. Sew them together so that the first row looks like so. Make sure you have them turned the right way before sewing them together.

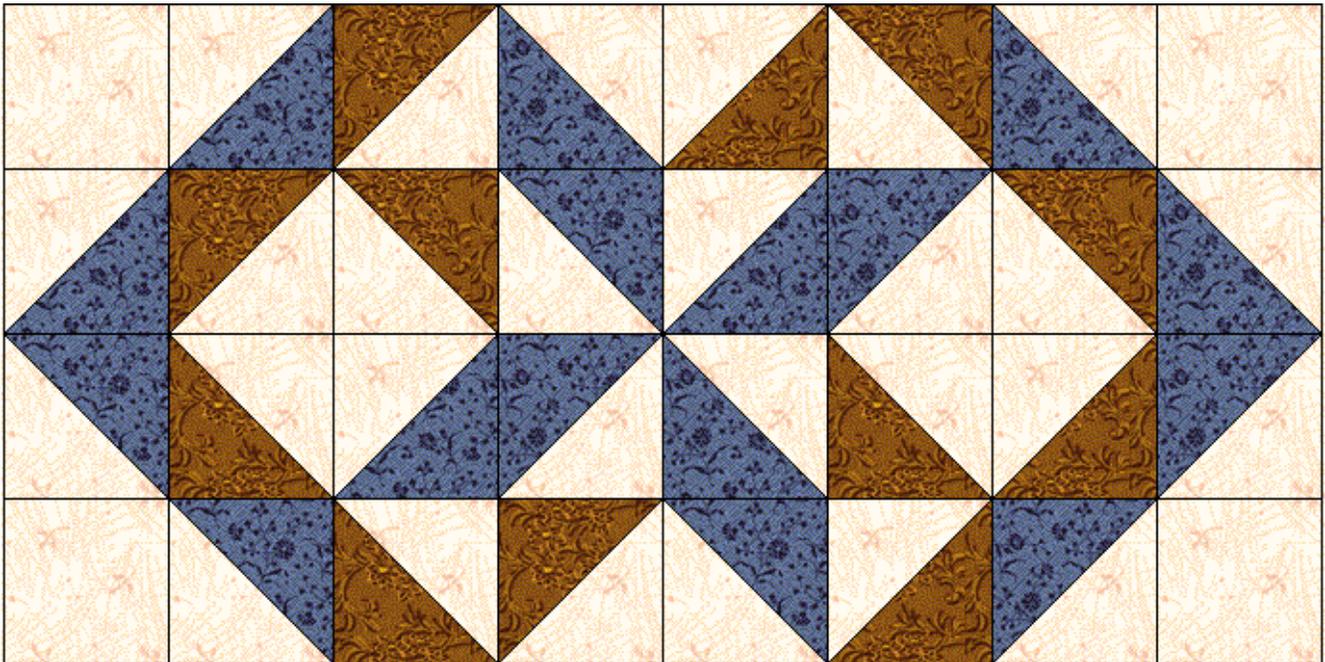

You can make the third row the same way. When you sew it to the top you will flip it so it looks like this.

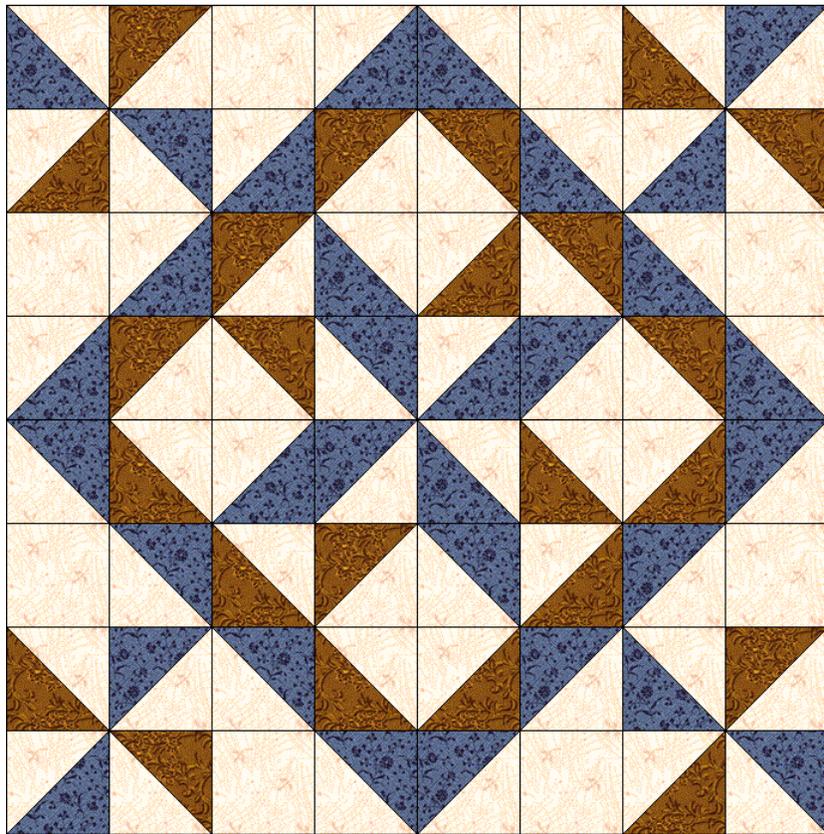

For the middle row you need to sew the rest of the 6 ½ inch blocks together to look like this.

Now you want to sew these to the sides of the 12 ½ inch pinwheel block that you made.

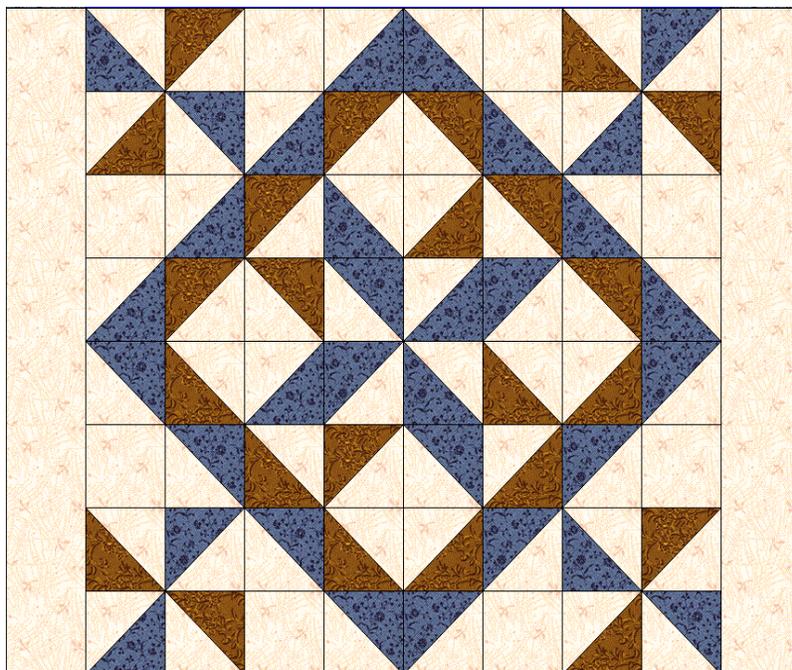

Now you have your three rows. Sew them together like so.

To finish the top you need to add the border. This is optional. However it will make the wall hanging smaller.

You will sew a cream strip to the left and right side of the top. The strip needs to measure 3 ½ inches wide by 24 ½ inches long.

Now take a cream strip 3 ½ inches wide by 24 ½ inches long and sew a 3 ½ inch blue square to each end. Do this twice. These will be your top and bottom border. Sew them on. Once you do this all that is left to do is sandwich the wall hanging, quilt it or tie it, then sew on the binding.
